

WHITENING AND BRIGHTENING

Advanced and Unique Formula

Intensive Depigmentation Serum

سرم روشن کننده و جوان کننده پوست

Key Ingredients

- Niacinamide
- O.D.A White
- Lumiskin
- Keratoline
- Wonderlight
- Licorice Extract
- Arbutin
- Malic Acid
- Glycolic Acid

• Wonderlight™ helps decrease hyperpigmentation accentuated by age and stress: lentiginos, ephelides, postinflammatory spots and melasma. It interacts with both keratinocytes and melanocytes by blocking signaling pathways involved in the melanin synthesis.

Octadecenoic Acid, O.D.A.white™ by Sederma acts as a skin conditioning, lightening and whitening agent. It is obtained by bio-fermentation from natural and vegetable oleic acid. It is a skin brightening ingredient which inhibits the entire metabolic pathway of melanin synthesis from the nucleus of the melanocyte: it targets tyrosinase mRNA via the PPARγ complex and decreases tyrosinase and melanin production. It treats skin pigmentation disorders such as freckles, melasma, hyper-pigmentation and general dark color of the ethnic skin.

• Lumiskin™ is a solution of diacetyl-baldine and caprylic/capric triglycerides that inhibit the activity of tyrosinase. It is used for its skin lightening properties. Diacetyl Baldine (DAB) works well via α-adrenergic antagonist receptors and calcium flow regulation.

MOISTURIZING

Let Your Skin Breathe

Ultra Hydrating Cream for Dry & Sensitive Skin

کرم آبرسان قوی مناسب پوست خشک و حساس

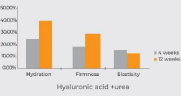

Key Ingredients

- Urea
- Stearic acid
- Glycerol
- Squalane
- Sodium PCE
- Sorbitol
- Grapeseed Oil
- Sodium lactate
- Hyaluronic acid
- Panthenol

- Provide intense lightweight hydration and comfort
- Plant-derived natural moisturizing sugars to support dermal water density

Moisturizers with **hyaluronic acid** and **urea** are perfect for dehydrated, dry skin. While **hyaluronic acid** infuses the skin with intense hydration, **urea** locks the moisture into the skin. **Urea** is known as a keratolytic agent. This means it breaks down the protein keratin in the outer 30000-40000 layer of skin. This action can help reduce dead skin buildup and get rid of flaking or scaling skin. **stearic acid** can help strengthen skin barrier. Helps decrease the signs of aging. As it strengthens the skin barrier, **stearic acid** protects against water loss and even helps decrease the signs of aging.

- Act as a direct topical supplement of the elements that keep the outer layer of the skin protected and offer lasting hydration with continued use.
- Clinically shown to help relieve itchy, irritated skin

MOISTURIZING

Let Your Skin Breathe

Ultra Hydrating Cream for Oily & Normal Skin

کرم آبرسان قوی مناسب پوست نرمال تا چرب

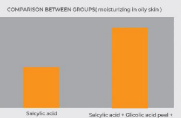

Key Ingredients

- Hyaluronic acid
- Glycolic acid
- Xylitol
- Squalane
- Panthenol
- Salicylic acid
- Grapeseed Oil
- Sorbitol
- Nicotinamide

Topical exposure of the skin with **xylitol** has thus been shown to reduce skin moisture loss. The mechanism appears to relate to increased tight junction and barrier formation in the skin.

Glycolic acid exfoliates the outer surfaces of your skin effectively, and **salicylic acid** penetrates from the top to the skin into the deeper layers to get rid of dead skin cells. **hyaluronic acid** works as a great source of hydration for the skin and promote collagen while reserving moisture.

- Hyaluronic acid is great for all skin types, including oily skin. It helps to regulate sebum production and keep the skin hydrated. When oily skin is deprived of moisture, it responds by producing even more oil in order to hydrate the skin. This can lead to acne and other skin issues.

SUN CARE

Natural Velvet Touch

Sunscreen Cream For Normal & Oily Skin

شدهآفتاب پوست نرمال تا چرب

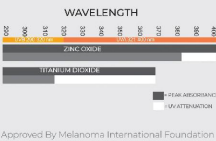

- 100% free from synthetic chemicals, preservatives and perfumes
- Certified UVA & UVB protection
- Anti-inflammatory / Antioxidant / Moisturizing Ingredients

Key Ingredients

- Zinc Oxide
- Dioxide Titanium
- Alumina
- Coconut Alkanes
- Zingiber Root Extract
- Cinnamomum Cassia Extract
- Sanguisorba Root Extract
- Hydrolyzed Wheat Protein
- Sorbitol

Mineral sunscreen is formulated using active ingredients zinc oxide and titanium dioxide to prevent a certain amount of UVA and UVB rays from reaching the skin. A mineral sunscreen with both of these active minerals will likely be listed as "broad spectrum."

- Dermatologist Tested, Oil-free and Non-Comedogenic
- Sunscreen for men and women

SUN CARE

Natural Velvet Touch

Sunscreen Cream For dry & Sensitive skin

شدهآفتاب پوست خشک و حساس

- 100% free from synthetic chemicals, preservatives and perfumes
- Certified UVA & UVB protection
- Anti-inflammatory / Antioxidant / Moisturizing Ingredients

Key Ingredients

- Zinc Oxide
- Dioxide Titanium
- Cinnamomum Cassia Extract
- Sodium Hyaluronate
- Hydrolyzed Wheat Protein
- Allantoin
- Glycerine
- Urea
- Sodium PCA

- Can be used for sensitive skin around the eyes
- Can be used for men's skin
- All products in LIPOREX Sun Creams allows the skin to breathe, are easy to apply and provide all the protection your skin needs from the sun

ANTI ACNE + SPF

Natural Velvet Touch

Anti Acne Cream For Normal & Oily Skin + SPF 30

سپف 30 کرم ضدجوش با

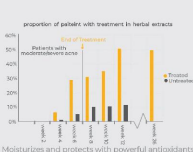

- Regulates sebum secretion and pore astringent
- High UVA & UVB protection
- Non-oily texture

Key Ingredients

- Zinc Oxide
- Dioxide Titanium
- Dimethicone Cross Polymer
- Cinnamomum Cassia Extract
- Zingiber Officinale Extract
- Sanguisorba Extract
- Nordihydroguaiaretic Acid
- Bisabolol
- Hydrolyzed wheat protein

Designed to blur the look of imperfections, minimize the appearance of pores, and leaves a beautiful soft-matte finish on the skin, it has antibacterial, antifungal and anti-inflammatory properties. Herbal extracts could be beneficial for anti-acne pharmaceutical preparations and may be used as an alternative medicine for patients with mild to moderate acne

- Multi-purpose product to protect oily and acne-prone skin
- Eliminate the harmful effects of free radicals and prevent premature skin aging

CLEANSING

Soap Free Formula

Cleansing Gel For Dry & Sensitive Skin

ژل شستشو پوست خشک و حساس

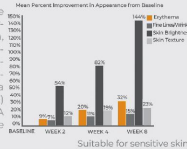

Key Ingredients

- Urea
- Fructose
- Sodium PCA
- Peg-7 Glyceryl Cocoate
- Hydrolyzed Milk Protein
- Caprylyl Glycol
- Allantoin
- Glycerine

- Moisturizing
- Increase skin softness and smoothness
- Non-comedogenic (won't clog pores) and non-greasy

Generally designed for deep cleansing, they are effective at decongesting clogged pores, removing excess oil and killing acne-causing bacteria, thanks to their antiseptic and exfoliating properties. Sodium PCA is the sodium salt of pyroglutamic acid (also known as PCA). PCA is a naturally occurring component of human skin and a part of the "natural moisturizing factors" (NMF) that maintain a healthy epidermis. Sodium PCA is very hygroscopic, attracting moisture from the air.

- Gently removes dirt, excess oil and impurities
- Cleanses deep into pores without over-drying

CLEANSING

Soap Free Formula

Cleansing Gel For Normal & Oily Skin

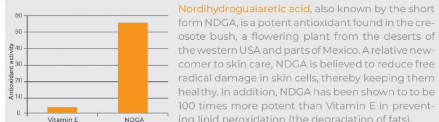

ژل شستشو پوست نرمال تا چرب

Key Ingredients

- Nordihydroguaiaretic Acid
- PEG-60 Almond Glycides
- Zingiber Extract
- Sanguisorba Extract
- Cinnamomum Extract
- Hydrolyzed Milk Protein
- Hydrolyzed Silk Protein
- Salicylic Acid

- Cleanses deep into pores to remove trapped dirt, oil and make-up without over-drying skin
- Fragrance free and non comedogenic

- Reducing the visible toll UV exposure has on skin
- Because it prevents the oxidation of oil, (the reaction of oil with air causing it to darken into a blackhead) it may be beneficial to individuals with oily skin, helping to keep skin clear

ANTI ACNE

Shrink Open Pores

Anti Acne Gel Cream For Normal & Oily Skin

ژل کرم ضدجوش

Key Ingredients

- Sebules
- Ac.net
- Encapsulated Salicylic Acid
- Keratoline
- Licorice Extract
- Syringia Vulgaris Extract
- Saponaria Pumila Extract
- Salicylic Acid
- Malic Acid

AC.NET™ is an association of oleoic acid and nordihydroguaiaretic acid in an osmotic gel. This product fights "break-out" by reducing hyperseborrhea, hyperkeratosis, inflammation and bacterial proliferation. AC.NET™ provides a global treatment for oily and acne-prone skin. The osmotic gel helps to control bacterial growth.

- SEBULES™ helps with the balance of seborrhea, reduces skin blemishes and controls skin redness, and reduces inflammatory hyperpigmentation. It is ideal for use in acne-prone skin and hyperseborrhea treatments

ANTI AGING

For Tighter Skin

Anti Aging Serum

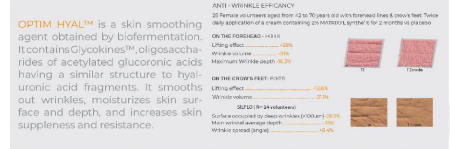

سرم ضد چروک، سفت کننده و ضد افتادگی پوست

Key Ingredients

- Optim Hyal
- Matrixyl Synthe 6
- Voliulfine
- Argan Oil
- Majestem
- Olive Oil
- Hydrolyzed Yeast extract
- Saponaria Pumila extract
- Anemarrhena extract

- A firming serum that visibly reduces the look of fine lines and wrinkles
- For plumper, healthier-looking skin

- MATRIXYL™ synthe6™ significantly increases the synthesis of 6 major constituents of the matrix and dermal-epidermal junction. It evens out skin relief and smooths wrinkles from the inside by rebuilding the skin where it is needed, particularly on the forehead and crow's feet.

EYE CARE

For Tighter Skin

Eye Contour Cream

کرم ضد چروک، تیرگی، پف، افتادگی دور چشم

Key Ingredients

- Beautifeye
- Majestem
- Haloxy
- EyeLiss
- Shea Butter
- Argan Oil
- Alumina
- Callus Culture extract
- Pakitonyl tera peptide-7

- Treating wrinkles of eye counter area by stimulation of synthesis of extracellular matrix components by fibroblasts
- Reducing of melanin formation

- Haloxy™ is an association of two matrikines that lessens under eye dark circles. These reinforce firmness and tone of the eye area, as well as activate the elimination of blood originated pigments responsible for dark circle colour and local inflammation.

REPAIR

All Skin Type

Repair Cream

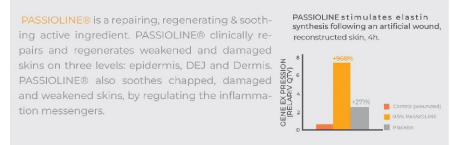

کرم ترمیم کننده پوست

Key Ingredients

- Passioline
- B-Glucaene
- Calendula Extract
- Sym Repair
- Centella Asiatica
- Mimosa Extract
- Aloe Vera Gel
- Allantoin
- Olive extract

- Aftercare following laser, peeling, dermabrasion
- Prevents scar formation
- Anti-inflammatory and antibacterial

- SymRepair™ 100 is a highly effective Skin barrier repair complex containing a patented ceramide combined with bisabolol and phytoesters. It quickly reconstitutes lamellar bi-layers resembling those of the skin.
